

# Great Salt Lake Food Web

Arrange the organisms below into two food chains. Indicate which are producers, consumers or secondary consumers in the space underneath each image. Also indicate the direction in which energy flows through the food chains and where the food chains might be linked. Information can be found by exploring the [Great Salt Lake Food Web](#) interactive on Learn.Genetics.

 <p>Bottom-Dwelling Microbes</p>	 <p>Brine Shrimp</p>	 <p>Adult Brine Flies</p>

 <p>Brine Fly Larvae</p>	 <p>Free-Floating Microbes</p>	 <p>Birds</p>

Funding for this module was provided in part by Westminster College and by a grant awarded under the Workforce Innovation in Regional Economic Development (WIRED) Initiative as implemented by the U.S. Employment and Training Administration.
